1. Claims 17-33 are allowed.
2. The following is an examiner's statement of reasons for allowance: this is in response to the RCE filed 11/18/05 canceling claims that were objected to by the Examiner, in the Office Action dated 9/12/05, and adding new claims.

A method for mapping a series of digital levels to a series of corresponding pulses, comprising the steps of: (1) defining a first pulse having a first time domain centroid and a second pulse having a second time domain centroid that is different from the first time domain centroid, where the first pulse and the second pulse correspond to a digital level of the series of digital levels; (2) receiving at an input of a circuit a signal corresponding to said digital level; (3) selectively providing at an output of the circuit, as an output pulse, either the first pulse or the second pulse in response to receiving the signal; and (4) controlling step (3) such that over time a substantially equal number of the first and second pulses is provided at the output of the circuit, has not been shown in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
